

FOREWORD

Dear Content Creator,

Thank you for downloading our guide!

Your interest in our game means a lot to us. In this document, you will find all the information you will need to apply and become an official **IronSight** partner! Of course, you can always [contact us](#) for further questions.

We believe **IronSight** has an incredible potential for content creation. Frag movies, funny moments, custom games with viewers... the possibilities are endless. And that's where you come in!

Aeria Games is committed to working alongside content creators (especially on **Twitch** and **Youtube**) and giving them the best tools to realize their ambitions. It means being there to answer questions, but to also provide assets and support for creative projects (a complete list of benefits is available p.3).

Our partnership program, which rests upon mutual trust and respect, does not include any contractual obligation. Any party can decide to leave the agreement at any given time. Of course, we sincerely hope there won't be any reason to do so and that our partnerships will last for a very long time!

Now, let's have a look at the conditions you will need to fulfill to become a partner.

REQUIREMENTS

To become a full-fledged Ironsight Partner, you will need to meet the following prerequisites:

1 - You produce content conforming to our Terms of Service

This is a sine qua non condition. It is imperative your content conforms to both [our ToS](#) and the ToSes of the platforms you choose to use ([Twitch](#), [Youtube](#), etc.).

2 - You stream / upload Ironsight content at least once a week (2 hours of streaming or one video)

Streaming/uploading frequency is essential to the longevity of the partnership. While we encourage players to stream the game or make videos, we are expecting our partners to be more reliable than the occasional upload.

3 - You are committed to producing Ironsight content for a period of at least 3 months

We get it, streaming regularly over an extended period of time isn't always easy, and sometimes finding original content for your videos can become difficult. The 3 months period is a way for Aeria Games to make sure our partners are committed. Setting up this program requires time and resources; our objective is to ensure they are not wasted.
